Re: SYSTEM VALVE SERVICES
2093 VALLEYVIEW LANE
LINCOLNTON, NC 28092-9658

To whom it may concern:

System Valve Services currently employs Drug and Alcohol Testing Compliance Services (DATCS) as Third Party Administrator (TPA) to manage their drug and alcohol testing program. All testing and random selections are done in accordance with Federal Regulations. (49 CFR Part 199) Random selections are currently set at the minimum 25% for drug testing in 2009. DATCS also specializes in testing requirements to comply with contractor policies, such as EnCana and Exxon, to ensure pre-access and Non DOT randoms are completed.

DATCS has been in business for 20 years. DATCS works closely with DOT Federal and State auditors, as well as auditing agencies such as NCMS, PAPS, Veriforce, FirstLab, and many more. DATCS compiles and submits all audit information for our companies to any requesting agencies.

If you have any questions concerning our compliance programs, randoms, or consortium size, please feel free to contact me anytime.
